REF
EAN

AKJ7000
8427950388439

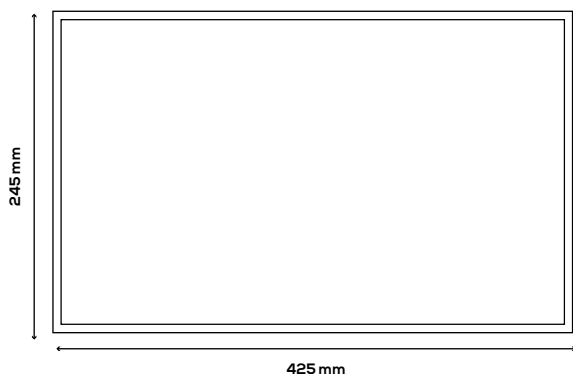

General description

- Glue board.
- For JOFEL standard insect killer AJ70000.
- It is placed behind the tubes hidden from view.
- Easy to place and remove.
- The pads should be replaced every 30 days.
- This product is composed of an inert material covered with a layer of adhesive material.

Composition

- Synthetic resin.
- Paper fibre.

Dimensions (mm)

Characteristics of use

- Remove the used glue board carefully so it does not get in contact with the fluorescent tubes, in order to prevent the pad from getting stuck to the tubes.
- Remove the protective release paper from the new glue board.
- Slide the new glue board up, be careful not to touch the tubes with the adhesive.
- Tuck the bottom of the pad on the built-in rails of the insect killer.
